All Nine Part Final reports were uploaded on the website of Goa Forest Department in compliance to the order of Hon’ble NGT.

An extensive ground verification, enumeration and survey exercise on survey numbers qualifying on area and canopy density criteria has been done in the field for evaluating species composition criteria, additional staff from other divisions have been deployed to territorial divisions to enhance the manpower availability for expeditious enumeration in the field.

Despite various field constraints, efforts were taken up to complete the review work in a time bound manner, where substantial progress has been made in the field, enumeration through sampling is completed on field and as per the recent status 25.63 Sq. Km out of 91.83 Sq. Km has tentatively qualified all the private forest criteria and is being reviewed by the review committee for finalization.

In case of non-qualifying survey numbers based on enumeration report submitted by the Divisions/sub-committees, detailed analysis of LISS IV Forest Cover Map (2014-15) Forest Survey of India through Google Timeline changes corroborated by LISS III FCM 2012-13, Division offence case, Tree Felling, FCA & Court order etc. was done. After detailed evaluation, deliberations and discussion on each report, the decision of the committee on these Survey Numbers is enclosed as **Annexure II.**
